

Rules of Tic-Tac-Toe

1. Play occurs on a 3 by 3 grid of 9 squares.
2. Two players take turns marking empty squares, the first marking X's, the second O's.
3. A row is any three squares on the grid, adjacent diagonally, vertically or horizontally.
4. If one player places three of the same marks in a row, the player wins.
5. If the spaces are all filled and there is no winner, the game ends in a draw.
